Hi Rich-

Sorry for the delay in getting back to you. You will need to put your request in writing on company letterhead and send it to the attention of Don Breffle, who is copied on this email. He is handling financial responsibility while I'm assigned to other duties for a while. Let us know if you need anything else!

Subject: Release of EPA UIC permit CO51221-00000

We would like to request release of our bond requirement for EPA UIC permit CO51221-00000 relating to 8 injection wells in Colorado. Attached are 5 Well Abandonment Reports and 3 Well Bore Assignments, all of which were provided to Valois Shea at the EPA.

Please let me know if you need any further information in order to complete the release of our bond requirement. The bond is up for renewal on August 24th, so we would like to have this completed a few weeks prior to that if possible. It's been a few years since we've requested the release of a bond, so I'm probably not remembering all of the steps we need to go through to accomplish this.

Thanks, Britta.
